EVMS Fundamentals

CBTW – EVMS Services is pleased to offer our fully narrated, interactive Earned Value training course to government contractors, agencies, and students worldwide. Every year this course economically provides beginner to intermediate EVMS training to thousands of personnel who wish to quickly become familiar with EVMS principles. The course is delivered from our online Learning Center, so there is no software to install and no instructor to schedule.

Course Description and Outline

The EVMS Fundamentals course contains approximately three dozen narrated lessons. This course, is equivalent to two days of instructor-led training, but can be taken independently in 6 to 8 hours.

- EVMS Overview: Terminology and Definitions
- Organizations Within Earned Value Environments
- Work Breakdown Structure and Control Accounts
- Performance Measurement Baseline
- Project Schedules (IMP & IMS)
- Cost and Schedule Integration
- Incorporating Actual Costs
- Earned Value Methodologies
- Estimates To Complete
- Metrics, Variance Analysis, and Reporting (Includes DCMA Trip Wires)
- EVMS Criteria, Compliance, and Deliverables

Benefits of On-Demand Learning

Our interactive courseware will give you the flexibility to train your staff without the concerns of scheduling instructors, rooms, equipment, and personnel. The benefits are significant:

- Economical Training Cost per Student
- Reduced Technical Resources Required
- As Needed, Continual Access to Learning

Benefits of EVMS Fundamentals

- Your entire staff will maintain a standard level of EVMS understanding, so that you can maximize the benefits of your earned value management system.
- Your staff can learn in small groups, or independently, studying at their desktop, at their own pace.
- This course is fully web enabled and fully compatible with most Learning Management Systems.
- The course has bookmarking capability which allows students to easily return to wherever they left off.
- Your Training Administrator has 24/7 access to student progress and test scores.

About Us . . .

CBTW personnel have been providing EVMS training and professional services to the government contracting industry for over 25 years. We've worked with all of the leading defense contractors and agencies to deliver world class EVMS training and implementation support. CBTW was the first vendor to deliver cost effective, fully narrated, web delivered earned value training for this industry. Since then, thousands of program management personnel have completed our EVMS Fundamentals training course.
